The OLEVI COACH CPD Module: *Talent Coaching.*

Talent coaches possess the theory, skills and strategies to improve the growth and performance of people who have the potential to make significant changes and improvement within their schools. This coaching will develop those who show ambition and aspiration in wanting to grow themselves and their role and have a drive to bring others with them.

This module consists of 3 focused sessions of 90 minutes over a 3-4 week period and includes a pack of practical resources to use. It is designed for delivery online.

This module is open to all accredited OLEVI Coaches. They will be able to coach individuals who are potentially the next generation of leaders; using a range of processes, theory, skills and activities that can be personalised to their context.
